

GTM Coach's Assistant – How to Make Them Work for Your Team

Step 1: Go to <http://coachsassistant.gtmsportswear.com/>

Step 2: Click on “BUILD YOUR LOCKER ROOM”.

Step 3: Login to existing account to access previously used artwork or register for a new account for free and pick from thousands of templates to create the art for your team gear.

Step 4: Click on “CREATE NEW LOCKER” & complete your store setup details.

Step 5: You will be taken to the “Manage Room” page. This is where you will begin adding items by clicking on “Add New Product”. Simply select a category, product, and cut & color.

Step 6: Now you will be walked through the process of customizing the selected product.

- Select “Art Design”, then “Add Art Design”.
- You will then be prompted to click on “Select Template” for all new artworks, “Select Icon” for mascots, or “Image Library” to choose past artwork from your account.
- Then you select the placement for the art on the garment and click “Next”.
- Select your artwork type and click “next”.
- This is where you can browse our extensive collection of artwork templates and customize to make your own look.
- You can add profit, change the name of an item, and even add names or number options for your apparel.
- Get the URL out, sit back and watch your earnings report to follow orders placed on the store.
- Profit checks are cut at the end of each month.
